### **DETAILED ACTION**

Applicants amendment filed February 7, 2008 has been received and entered. Claims 1-13, 15, and 19 have been cancelled, and new claims 36-80 have been added. Consequently, claims 14, 16-18, and 20-80 are pending in the instant application.

All grounds of rejection in the Office Action mailed August 7, 2007 are withdrawn.

The following new grounds of rejection are applied to the claims:

#### ***Claim Rejections - 35 USC § 112***

1. Claims 32-34, 52-54 and 77-79 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. This is a written description rejection.

Claims 32-34, 52-54 and 77-79 are directed to compositions (foodstuff) obtained via a process claim.

Adequate written description requires more than a mere statement that it is part of the invention and a reference to a potential method of isolating it. The protein itself is required. See *Fiers v. Revel*, 25 USPQ 2d 1601 at 1606 (CAFC 1993) and *Amgen Inc. V. Chugai Pharmaceutical Co. Ltd.*, 18 USPQ2d 1016.

Applicants claims are directly analogous to the above recited case law. Claims

32-34, 52-54 and 77-79 are all directed to compositions which have been obtained from a potential method of isolating/making the composition. As set forth above, adequate written description of product claims is not sufficiently described by reference to potential methods of isolation.

Applicants are directed to the Revised Interim Guidelines for the Examination of Patent Applications Under the 35 U.S.C. 112, 1 "Written Description" Requirement, Federal Register, Vol. 64, No. 244, pages 71427-71440, Tuesday December 21, 1999.

Claims 14, 16-18, 20-31, 35-51, 55-76 and 80 are allowed.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark Navarro whose telephone number is (571) 272-0861.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Shannon Foley can be reached on (571) 272-0898. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
